“Protect Your Investment”

Transmission 2 Part Kit
Cleaner & Treatment with “PTFE”

“For Professional Use ONLY”

True Brand® Transmission **Cleaner** will dissolve and suspend deposits, helping flush the transmission of oxidized Automatic Transmission Fluid, and sludge deposits along with other contaminants. True Brand® will help remove these wear metals that are grinding away at seals, valves, and friction surfaces.

True Brand® Transmission **Treatment** has the highest quality base oil with “PTFE” . “PTFE” is noted as the slickest substance known to man which when put inside your vehicle it will reduce friction causing **less heat, less wear, less work** for all working components.

Truth - Application / Directions

Cleaner:

- Safe for all Transmissions
- Flush Transmission with a Fluid Exchange Machine. Refer to machines instructions for additional details.

Treatment:

- Add to transmission at each service or when needed.

Truth - Features / Benefits

Protect your customers Transmission and **Save** them **money** with True Brand® Transmission 2 Part Kit. Remember with Regular Preventative Maintenance you may **save** on major repair cost and the possibility of a transmission replacement.
